REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Educating our children effectively has never been more important, and we at Hilton Head Island International Baccalaureate Elementary School are passionate about creating the best environment possible for learning.

All that we do is animated by the stated mission of the Beaufort County School District: "To ensure excellence in education for each learner that prepares each with the knowledge, skills and personal responsibility to succeed in a rapidly changing global society."

We're in our eleventh year of offering International Baccalaureate's Primary Years Program. This inquiry-based approach to learning challenges students to think for themselves about the questions they should be asking themselves about a subject, not just the correct answers.

Within the framework of the IB discipline, we offer innovative approaches for learning math and language skills — Everyday Math and 6+1 writing traits, for example — and each has had a profound impact. Our focus on technology is tremendous. Promethean Boards, now in a majority of our classrooms, will be in all of them next year. Teachers are equipped with laptop computers to support classroom use of technology and to facilitate easy communication with parents via e-mail. A new staff position — an Instructional Technology Coach—is helping usher students into the exciting world of technology. We're also looking forward to a math coach next year to enhance students' performance in that subject area.

HHIIBE's School Improvement Council is a partner in making decisions for the school as well as the district as a whole. Beaufort County School Superintendent Dr. Valerie Truesdale regularly meets with SIC, PTO and PTA leaders. This collaborative approach was employed most recently to formulate a policy for uniforms that will be in effect beginning in the 2009-10 school year. School administrators, teachers and parents worked together to develop our policy. The effort highlighted one of our HHIIBE's greatest assets: The willingness of stakeholders inside and outside the school to work as a team to accomplish great things.
